

U-MIX® Portland Cement

47 lb / 94 lb Bag

#57647 / #57610

DESCRIPTION:

U-MIX® Portland Cement (Type I & II) provides the basic performance characteristics of Type I Portland cement, as well as the moderate sulfate resistance and lower heat of hydrogen characteristic of Type II Portland cement. U-MIX® Portland Cement (Type I & II) is an exceptionally versatile basic building material, suitable for a variety of concrete construction applications. Meets the ASTM C 150 in the Standard Specification for Portland Cement.

MIXING RATIO FOR CONCRETE:

Part Cement:	1
Parts Sand:	2
Parts Gravel:	3

CAUTION:

This product contains crystalline silica (CAS #14808-60-7) which is "known to the State of California to cause cancer and other substances which are known to the State of California to cause cancer; birth defects and reproductive harm."

Avoid contact with skin - Injuries to eyes:

Contains Portland Cement, freshly mixed cement, mortar, concrete or grout may cause skin injury. If exposed, wash skin promptly and repeatedly for 15 minutes. The use of gloves and protective eye wear is recommend. If any cement or cement mixtures get into the eyes, rinse immediately and repeatedly with water for 15 minutes and get prompt medical attention.

MIXING RATIO FOR MORTAR:

Part Cement:	1
Parts Lime:	½
Parts Sand:	3½ - 4½
